MY SEEDS

ARE LUCKY SEEDS.

SOME ANSWERS I HAVE RECEIVED.
"COOK'S SEEDS GROW."
"80 KERNELS OF CORN."
"COOK'S 80 CARAT RING."
"80 YEARS IN THE SEED BUSINESS."
"80 PER CENT OF COOK'S SEEDS GROW."
Every Boy and Girl should see page 20.

ILLUSTRATED CATALOG OF TESTED

GARDEN SEEDS

Selected Especially for Critical Buyers.

— Grown and for Sale by —

A. T. COOK, Hyde Park,
Dutchess Co., N. Y.

All Poor Varieties are Left Out of This Catalog. You Can Pick Out With Your Eyes Shut and Get a Good Thing Every Time.

"We can never be too careful what the seed our hands shall sow: Love from love is sure to ripen, hate from hate is sure to grow; Seed of good or ill we scatter heedlessly along our way, But a glad or grievous fruitage waits us at the harvest day."

"Whatsoever a Man Soweth that Shall He also Reap."

DEAR FRIENDS:—
I have been

Over 20 Years

in the Seed Business, and I do not know that I have a single dissatisfied customer; a record I am proud of. My Catalog is filled from cover to cover with the very best HIGH GRADE, tested seeds, which are sent out with an absolute guarantee that they will give entire satisfaction—(or your order will be cheerfully refunded gratis.) My Catalog is small, no bulky pages—flashy and misleading for you to pay for. No big prices charged (for perhaps greatly inferior seeds) to meet the enormous expense of business done in a city. To the many who have been duped by these gaudy catalogs, I will say, I put the REAL value INSIDE the packets—serving all HONESTLY, with SELECTED seeds at the lowest possible price.

Please Remember

I am NOT a big city seedsman whose business is done by disinterested clerks who neither know or care anything whatever about gardening. I have spent my whole life in the business. I PERSONALLY attend to your orders: (I need not tell you how much this is to your interest.) I read your letters, and sympathize with you in all your plans for success. I know that YOUR success is MINE also, and that I cannot AFFORD to have you dissatisfied.

You Will Not Find

in my Catalog "store seeds" of all ages and unreliable quality and vitality. Nor will you find seeds saved from odds and ends and unsalable refuse of crops; (I have any quantity of such trash offered me at one-third or less what my select seed costs to grow; and could sell the trash for 2 cts. or less per packet, but it would be dear at a gift.) but instead YOU WILL FIND only the best, tried and true, honestly raised, home grown, carefully tested, and warranted to please.

I Thank You

FRIENDS, one and all for your very liberal patronage, and especially for the many kind words so liberally bestowed. I wish I deserved them more. I KNOW that it is my earnest desire to prove myself worthy of the trust reposed in me, by sending out only seeds that will be a source of satisfaction to all.

REFERENCES. For those who do not know me. Poughkeepsie, N. Y. National Bank; The Com'l Agencies; My P. M. and Exp. Agt; The Farm Journal; Ag'l Epitomist; A. I. Root Co.

"There are treats of every kind, But in all the world you'll find Naught so good as what you've grown In a garden of your own."

One Thing is Certain
**"Cook's
Seeds
Grow."**

TERMS. Remittances must accompany all orders. Interest on overdrafts or commission.

WHAT I INTEND TO DO. 1st. Plant the best and grow as fast as a reasonable price. 2d. Furnish large-size, well-filled packets 3d. And my price on \$1.40 per 1000 and 1000 is prom. tly.

DELIVER free to your nearest Post office, or Express office, or to the nearest place named in this Catalog.

ORDER EARLY. Please send in your order early so that we can get your order complete. I will have more time then, and you will be SURE to get your order on time.

IF I SEND you extra Catalogs or Circulars please send me one (it's worth it when ordering)

EXTRAS. A liberal number added to the other.

SPECIAL NOTICE. If any of our customers are not completely satisfied, will kindly mention it when ordering, so that we may be able to give them something they wish of equal value. This is a standog offer. I say standog, because it is a standog offer. I wish to say that we feel free to write if anything should have proved to be a disappointment.

If you prefer a premium—say a solid gold-filled watch elegantly engraved (Ladies' or Gents'), I will send one free for a \$12.00 order. This is the most wonderful bargain ever heard of, as it is less than many dealers ask for the watch alone. See description on page 16. If you wish a cheaper watch I offer a very fine one on page 20, free for a \$3.00 order.

I always add many new and valuable seeds gratis to orders—fill them promptly—deliver everything prepaid, and guarantee entire satisfaction. (They tell me no other seedsmen gives away even half as many free "extras" with orders.) Tell this to your customers, and I am sure you will get an order every time. See page 12 and elsewhere for further particulars. If you wish more catalogues and circulars to distribute I will send them gladly, and help you all I can. I will look for your club; please do not disappoint me.

With best wishes for your success I am

Sincerely yours,

A. T. COOK

ALL VEGETABLE SEEDS are certified to the very best sorts, and are all that can be desired for a garden. My seeds are noted for extreme earliness and uniform good types. They are grown for the most critical buyers, for greater comfort or more profitable than a good garden. They are grown for the most critical buyers, for greater comfort or more profitable than a good garden.

Specialties, Novelties, and Improved Varieties.

The following pages contain the cream (no skimmed milk) of all the varieties known to the American Seed Trade. They have been mostly grown and fully tested by me—as well as the most critical gardeners in all sections, and found to possess great value and merit.

I do not indulge in extravagant illustrations and descriptions, but desire my catalog to be plain and truthful; and have an honest ring to it that my kind customers may not be deceived.

Dr. J. M. Ashby, Bruceville, Texas writes:—Your new coffee is a great success. I can truthfully say it is better than the best coffee sold here at 35 cts. per lb. What I planted was beyond description. Farmers flocked to see it and clamored for some seed. I can sell a quart to every one.

New Domestic Coffee Berry.

The best coffee substitute ever discovered—many pronounce it as good as the genuine, and is superseding in a great measure store coffee as fast as its merits become known. It is the poor man's friend. It is the hardest, easiest raised and most productive of any plant I ever saw. While growing it is a perfect sight to behold; fruits from the ground up, and on the limbs in every direction, the pods touching each other; See coffee cut which does not exaggerate its wonderful productiveness.

In the south two crops of coffee can be raised in a season by planting the first crop early.

Many claim that by mixing a few grains of store coffee with the Domestic—combining their flavors, they obtain a more delicious and aromatic beverage than the imported article.

It does well on every kind of soil and you can raise your own coffee for one cent a pound.

Ground and fed to milch cows it makes the richest and yellowest butter ever seen. It is as easily raised as corn or beans and is cultivated in the same way.

Full directions on every packet. Parch and prepare like other coffee and you will be surprised and delighted to find how good it is.

My seed is genuine, the stock seed costing \$8.00 per lb. It is quite distinct from the ordinary Soya Bean that some seedsmen are offering for Coffee-berry. Buy at Headquarters and avoid disappointment. I am glad to be able to make the following extremely low prices. Large packet 10 cts.; 3 for 25 cts.; 7 for 50 cts.; 15 for \$1.00; all prepaid.

I regret I have only room for the following among HUNDREDS of testimonials.

John Baset, Alton Ill. writes:—I like your coffee as well as most of the coffee I get from the store at 30 to 40 cents per pound.

The St. Louis Christian Advocate, says:—It is one of the most wonderful discoveries of the age. We have never tasted anything that comes so near genuine.

A. I. ROOT, Publisher of Gleanings in Bee Culture, Sept. 1896, says:—The coffee-berry is a success, and preferable to the real coffee, because I think it more healthful. I want to plant a good many next season.

J. J. H. Gregory, of Mass. says:—It is a fact as we find by actual test, that it tastes so nearly like Brazilian coffee the difference is scarcely perceptible. It is certainly the best of all substitutes—nothing injurious about it; is the most nutritious of all vegetable products; it can be raised almost anywhere where corn will mature.

BE SURE TO READ THE FOLLOWING

—FROM—

Prof. W. H. Morse, M. D., F. B. S. Sc.

MR. A. T. COOK, DEAR SIR: This is to certify that your new Domestic Coffee Seed, upon being tested in the laboratory, evinces a highly nutritious character, a rich flavor, and a remarkably pleasant taste, when roasted and pulverized, and treated for a beverage. It comes to the palate as a satisfying drink, fitted to sustain life. When carefully infused and drank hot, it produces an exhilarant effect, but it does not fatigue the nerves or cause an unnatural influx of blood to the brain. The new Domestic Coffee Seed should command large favor.

WILLARD H. MORSE,
Consulting Chemist.

The Iamotological Bureau,
Westfield, N. J., March 9, 1899.

PRIZETAKER ONION.

The very best of the huge foreign varieties, and has already gained great popularity here. Univer

sally endorsed as the largest, handsomest, finest flavored, and most superior mammoth yellow globe onion ever introduced. There is more money in them than in any other variety, for the field with HIGH CULTURE will be something immense, and the crop sure to bring twice as much as common sorts. They are mild in flavor, and good keepers. Single specimens have weighed over 5 lbs., and 1,000 bushels have often been grown on a single acre. YOU surely should grow this King of all Onions. Pkt. 10c.

HUNGARIAN HONEY WATERMELON.

This new variety is the richest and sweetest I have ever tasted. Flesh bright red, solid very crisp, and sugary; they ripen exceedingly early, are very productive, and grow of uniform size.

This splendid melon should be included in every order as it gives universal satisfaction.

Pkt. 5 cts.

MY SEEDS
ARE HOME-GROWN
AND SELECTED.

I KNOW there is not as much paint, not as many exaggerated pictures and extravagant descriptions in my catalog as many have [neither is my price as high;] but my cabbages will head as well, and my flowers be as beautiful and smell as sweet as theirs. By printing a plain catalog I can give you better bargains in seeds.

SEMINOLE WATERMELON.

This new melon originated in Florida, the land of melons. It is extra early, extra large, enormously productive, and of most delicious flavor. All lovers of fine melons should give the New Seminole a trial.

FLOWERS.

"God might have made the earth bring
Enough for great and small, [forth
The oak-tree and the cedar-tree.
Without a flower at all.

He might have made enough, enough
For every want of ours,
For luxury, medicine, and toil,
And yet have made no flowers.

Our outward life requires them not,
Then wherefore had they birth?
To minister delight to man.
To beautify the earth!

To comfort man—to whisper hope
When'er his faith is dim,
For He who careth for the flowers
Will care no more for him!

BEANS: New Golden Prize.—Early, and very productive: pods long, brittle, and ENTIRELY STRINGLESS: of a rich golden wax color. Excellent both as a snap bean and a shell bean for winter use. The plants grow very uniform; are exceedingly hardy, and I have never known them to blight, or rust, in the least. I consider them decidedly the best dwarf bean, I ever raised. Pkt. 10 c. 3 for 25 c. qt. 40 cts.

ACME SEED-DRILL FREE.

As improved and perfected, this drill fills a long-felt want. So easily understood a child can use it. It opens a furrow and distributes beet, cabbage, carrot, celery, onion, lettuce, radish, turnip and other seeds quickly and accurately.

Durable and
Always
Ready for
Use.

Saves Time.
Money,
And Seeds.

I will send one of these improved drills free and prepaid as a premium for a \$3.00 order for my seeds at full rates (one-half must be for packets). If you do not need \$3.00 worth get a friend to order with you and secure this handy garden tool.

H. A. McQUISTON, Fair Haven, Ohio, May. 30 th. writes:—For the last three years I have planted your seeds side by side with those of our most reliable seedsmen such as and many others; and yours always come out ahead. I have watched it closely and it has surprised me greatly: the difference must be in the vitality of seed.

MAMMOTH MELTING SUGAR PEAS.

Rightly named. Cook same as string beans—pods and all. A dish "fit for a king." This new variety is far superior to all other sugar peas—in both size and delicious quality. Five feet high, bearing peas in the greatest profusion. Every garden should have a liberal supply. Pkt. 10c. 3 for 25c.

MONEY.

Every person who receives my Catalog should avail himself of the opportunities to make money.

SUGAR TROUGH GOURD.

These Gourds are very useful for many household purposes, such as buckets, baskets, nest-boxes, soap and salt dishes, and for storing the Winter's lard. They grow to hold from 4 to 10 gallons each, have thick hard shells, very light, but durable, having been kept in use as long as 10 years. Pkt. 5 c., 6 for 25 cts.

MAMMOTH RHUBARB, OR PIE-PLANT.

Its stalks are much used for pies, tarts, etc. Every garden should have an ample supply of this excellent appetizer and healthful vegetable. This variety is far superior to the common sorts, and produces immense stalks very early in the spring. It has a rich, spicy flavor and is without doubt the finest variety in existence. Rhubarb is of the easiest culture and commands a ready sale in all markets at good prices—coming when fruit and vegetables are scarce. Packet 5 cts.

THE FAXON SQUASH

THE FAXON SQUASH.

This new and distinct variety is very early, of medium size, unusually productive and of the best possible quality. They cook dry, sweet and rich whether ripe or green—are an excellent keeper, thus supplying the table with this delicacy during three seasons—summer, fall and winter. Some Faxons are pale yellow, while others are green, mottled, etc., in fact it is a curious admixture of many sizes, shapes and colors. This is a characteristic of the squash.

The flesh is deep orange, cavity small. It is sweet and very dry, and nothing exceeds it for pies.

I am sure my customers will thank me for advising them to give it a trial. Packet 10 cts; 3 for 25 cts.

Mr. Joseph Stone, a squash expert says, "for dryness and sweetness the Faxon Squash cannot be excelled if equalled."

WHAT YOU WANT is the best seeds and the most favorable price. Send me your orders. You will get Good Seeds, Good Measure, Good Extras and plenty of them. It is easy to make selections from my Catalog. My seeds are "lucky seeds" all the unlucky seeds are left out. I sell seeds that grow and only varieties that IT PAYS to grow.

BONNET, OR DISH-CLOTH GOURD.

This remarkable climber came from Japan. The fruit grows from one to two feet in length, and the vine is very ornamental; producing clusters of large yellow blossoms, in pleasing contrast with the silvery shaded, dark green foliage.

A natural dishcloth, and a most admirable one is furnished by the peculiar lining of this fruit which is sponge-like, porous, very tough, elastic and durable. Many ladies prefer this dishcloth to any prepared by art. As a substitute for sponges in the bath, and for many other toilet purposes, they have no equal. For fancy work they should be gathered before they get fully ripe and dry; the lining then is of a delicate cream color resembling embossed antique lace. Beautiful card baskets, bonnets fans etc. can be made from it. In the North this variety requires to be started in a hot-bed. Packet, 10 cents.

MAMMOTH SILVER KING ONION.

matures early, and is of perfect form. It should be in every family and market garden. Pkt. 5 cts.

POWELL'S PROLIFIC POLE BEAN.

This wonderful new variety, [first introduced by me,] originated in North Carolina—a few seeds were kindly sent me for trial by Prof. R. S. POWELL, who writes:—"They are an extraordinary snap bean surpassing anything ever seen in our section—bearing profusely, and continuing until frost: they are very tender and palatable—six hills enough for a family."

I have found this bean a most rampant grower, one plant filling a pole with a mass of vines—densely loaded with luscious beans. I do not claim too much when I say they are fully TWICE AS PRODUCTIVE as any other variety in existence. They are a sight worth seeing; almost a solid mass of pods from the bottom to top of the pole. The handsome green pods average 8 or 9 beans to the pod, grow very uniform, about 6 inches long, perfectly stringless. Very thick meat, tender, rich and buttery; possess an exquisite flavor when cooked—many calling it without exception the very best bean grown. It is a late variety and continues in bearing so long it might well be called "everbearing." I only offer it in packets.

Pkt. 10 cts. 3 for 25 cts. 7 for 50 cts. 13 for \$1.00.

S. E. GWINN, Mt. Ida, Fayette Co. W. Va. writes: From 6 VINES of the Prolific Beans I sold 3 bushels—a family of 9 eat from them liberally, and there is still a bushel on the vines. I never saw anything to compare with them. All your seeds done well.

AMY THOMPSON, Pine Grove, Ohio, Oct. 23d. writes:—I raised 1800 Powell's Prolific beans on ONE VINE; which was the greatest yield I ever saw.

Mrs. C. E. LISSFORD, Kinards, S. C. writes:—from five vines we ate beans all the summer, and then gathered over one-half gallon of seed. They were the admiration of the neighborhood; I have

picked a full mess of beans for dinner, without changing position at the vine. Our summer was dry,—but the vines continued green and bearing, while all other kinds of beans dried up, they are the best bean I ever saw grow, and I cannot command words to express the true value of such a garden treasure.

POWELL'S PROLIFIC POLE BEAN.

EVERYTHING OFFERED IN THIS CATALOG DELIVERED PREPAID AT PRICES GIVEN. **11**
NEVER BEFORE HAVE I MADE SUCH LOW PRICES. **11** READ PAGES 2 AND 12. **11**

ORDER EARLY. The best time to order is just as soon as you receive my Catalog. I can always give your orders more of my personal attention if they come in before the rush. I THINK I can serve you as well as any. Order now and I will TRY HARD to give you a pleasing surprise in the amount of seeds (and extras) you get.

NEW PALMETTO ASPARAGUS.

This new variety is the finest ever cultivated in this country. After six years trial in nearly all sections, it is pronounced by all to be far in advance of others. Growing side by side with Conover's Colossal, under exactly the same treatment, the Palmetto proves to be at least a week earlier, the stalks are heavier, thicker, and of finer flavor. It is remarkably tender, rich and buttery when cooked, and very free from any tough or woody fiber. Every family should have a supply of this healthful and delicious vegetable, and I am sure all would, if it were known how easily and quickly it can be grown.

My seed, is genuine "Palmetto," and if well planted and cared for, will produce larger and finer asparagus at TWO YEARS of age, than other varieties at five. Cultural directions on every packet.

Large pkt. 10 cts. 3 for 25 cts.

TRULY A GIANT ASPARAGUS.—A bunch of the Palmetto Asparagus grown by Robert Nichols, a Philadelphia gardener, beats anything of the sort ever heard of. The bunch, composed of about fifty shoots, weighed 31 pounds. It was a growth of only three days. — ED. AMERICAN GARDEN.

**NEW AUTUMN KING CABBAGE.**

(OR WORLD BEATER.)

This peerless variety, I say without hesitation is one of the finest in this country to-day—entirely distinct and the best keeper. It produces enormous, solid heads and has such small outer leaves that it can be relied upon to produce a greater weight of cropper acre than any other variety—it all goes to head. Its peculiarly handsome, crimped leaves enables it to be distinguished anywhere. It is one of the grandest of winter varieties, and is decidedly the best MAMMOTH CABBAGE in existence.

All seed grown from headquarters stock and VERY CAREFULLY SELECTED from extra solid heads, pure and true.

(Remember cheap cabbage seed is always dear.)
Packet 10 cts; 3 for 25 cts.

STRAWBERRY TOMATO.—I am headquarters for the true Strawberry Tomato, [Golden Husk, or Ground Cherry,] seed.

This distinct husk tomato, is unequalled for canning, preserving, and pies. Dried in sugar, as Raisins, or Figs, or to use in fruit cake, they are unexcelled. They are a handsome golden color,—the size of large cherries, enormously productive and will keep (if left in husks) all winter: they have a strawberry flavor, and many esteem them fully equal to that fruit to eat out of hand. This tomato is indispensable where fruit is scarce or likely to fail.

Directions for planting—preserving, etc. on each packet. Selected seed, Pkt. 10 c. 3 for 25 cts.

**JACKSON WONDER BUSH LIMA BEAN.**

Here is "something new under the sun." A wonder indeed. The seeds have been sold for \$1.00 per dozen. It is a combination snap and Lima (or butter) bean, grows about two feet high, and is immensely productive—7 quarts having been grown from 25 seeds. When the pods are young they make excellent snap beans, and later are shelled and used same as other limas. Their flavor is very rich and delicious. They are early, and continue in bearing until frost. None but favorable reports have been received.

Packet 10 cts. 3 for 25 cts.

**GIANT SUMMER CROOKNECK SQUASH.**

This new strain is even earlier than the common variety, while the squashes grow to an extra large size—from 18 inches to two feet long, and of finest quality. They command an extra price in all markets. One grower reports \$125.00 worth sold from one-fourth an acre.

Packet 5 cts.

NEW SEEDS FREE FOR TRIAL.

As has been my usual custom for many years. I have again put up thousands of packets of new and improved varieties of Vegetable and Flower Seeds, and will in all cases add a liberal number free for trial among my customers.

IF PEOPLE ONLY KNEW the GREAT SUPERIORITY of high grade seeds—the many mushroom firms with their "wild cat" stock would quickly go out of existence.

BOYS and GIRLS and even grown people can make good wages selling my seeds. See the liberal discounts I offer on page 12. Catalogs, Order Sheets, etc. free.

Our muskmelons grew large: we raised between 800 and 400 from one packet of seed. There were two kinds of long melons; the banana measured 28 inches long and 6 in. in diameter. The Vegetable Peach grew well, bore abundantly, and busbels for pie; we preserved them, they were splendid. The Husk Tomatoes were excellent, and so were the other Novelties. I want your seeds, and our nabors who saw our garden want some als. Please send Catalog.

P. BLISS, Luther, Mich. writes:—Mr. A. T. Cook, Dear Sir, Your seeds gave good satisfaction last year. The Vegetable Peach grew well, bore abundantly, and busbels for pie; we preserved them, they were splendid. The Husk Tomatoes were excellent, and so were the other Novelties. I want your seeds, and our nabors who saw our garden want some als. Please send Catalog.

C. Parmelee, Homer, N. Y. writes:—I always send to you for seeds because they are reliable. I have got up several clubs. The "Cinnamon Vine is a thing of beauty" every summer.

W. H. Brunsdon, Peru, Neb. writes:—This is 9 years I have sent to you for seeds and always had good luck.

NEW BANANA MUSK-MELON.

This new variety originated with one of our best growers in South Jersey, and is pronounced by him the most profitable variety he has ever grown. He realized an average of forty cents each for his entire crop, as they were eagerly sought after in the Philadelphia markets, on account of their great oddity of shape and appearance. They grow from 20 inches to 2 feet long, are very productive, with deep yellow flesh, by many preferred to any other variety, and a great curiosity.

Pkt. 5 cts. 6 for 25 cts.

EARLY WINNIGSTADT.

A well known and very popular variety, heads large, decidedly conical, remarkably solid and hard, even in summer. This is a sure header, a good shipper, and suffers less from the cabbage worm than any other sort, valuable for both summer or winter use. Market gardeners and all others desiring a choice strain of this desirable cabbage should try my selected seed.

Pkt. 5 cts.

New Red Bird Tomato.

This new variety has never been introduced. It is one of the earliest and most productive ever seen. It is of good size for such an extreme early variety. It sets freely, 3 to 6 to a bunch, handsome, uniform, bright red fruits, of very pleasant flavor. It is a very vigorous and strong grower, fruit about 3 inches in diameter, smooth as an apple, and of very superior quality. Its productiveness is really wonderful; this with its extraordinary earliness will make it a joy to the growers heart. I am proud to introduce a tomato of so great value. Every home and market gardener should plant it.

Packet 10 cents.

Geo. B. More, Grand Gorge, N. Y. writes:—I sold over \$100.00 worth from my expenditure of \$2.65 with you last year. Your seeds are the best I can procure.

Mrs. H. A. Warner, Buena Vista, Wis. writes:—Your seeds are the VERY BEST we ever tried, and your packets are the fullest. We thank you very much and will do all we can to advertise your seeds.

From a 9-year-old Club Raiser.

Mr. Cook: I am very much pleased with the watches. I gave one to brother. I am only 9 years old, and got up my club in one day. Any boy or girl can have a nice watch if they only try. I will get up a much larger club next year. Papa is much pleased with his seeds and extras.

JOHN LENT,
Hopewell, N. Y.

This variety cannot be too highly recommended and no sort will produce such handsomely-formed roots, or greater yield. It is extra fine quality very solid, of a beautiful orange color, with a handsome purple top; it is the result of many years of careful selection.

Pkt. 5 cts.

SUNFLOWERS.—GIANT VARIETIES.

This packet contains ALL the LARGEST AND BEST varieties:—Black Giant, Hybrid, Mammoth Russian, Jumbo, and Arctic—selected seed, grown separate and carefully mixed. ALL REAL PRIZETAKERS.

Heads measure from 12 to 22 inches in diameter, loaded with seed, which is excellent food for horses, a small quantity fed daily, keeping them sleek, glossy and fat. It is the VERY BEST EGG-PRODUCING FOOD known for poultry: they eat it greedily, fatten upon it, and it gives them a bright and lustrous plumage.

Large packet 10 cents; 3 for 25 cents.

Pop Corn Growing.

Of course the Boys and Girls must have pop-corn. They like it so well, it is so healthful, and they get such an amount of fun out of it during the long winter evenings that no family should neglect raising all that may be wanted.

My varieties are so easily grown and produces such immense crops make them VERY PROFITABLE to grow for market. It always brings good prices. This is well worth looking after by boys as well as older people. Try a large patch this year and report results.

See page 9

S. G. CAMPBELL Tappan Ohio. writes:—Last Spring I got three packets of Pop Corn from you; and I raised 3½ bushels, sold 2½ bushels for \$3.75 have ½ bu. to sell yet, and enough left for winter.

I PLANT
POP CORN.

EVERY THING I OFFER IS CAREFULLY PACKED AND WARRANTED TO REACH YOU SAFELY.

Do not omit the Extra Early Beet; there is no other to compare with it, in extreme earliness and good quality. See page 9.

Plant the Everlasting Flowers enjoy them in summer, dry them for winter and you will thank yourself for doing it.

I will be glad to send Catalogs, Order Sheets, and Envelopes if you can use them to advantage. Write for what you need.

MY CATALOG IS FREE to every one who buys seeds. Please send me a list of the best names you know, and I'll send catalogs.

TENNESSEE SWEET POTATO PUMPKIN.

Of medium size, pear shaped, flesh thick, creamy white, fine grained, dry, and of most excellent flavor. Hardy, productive, a good keeper. A superior variety for pies, and cooking. Pkt. 5 cts.

TRY your hand at raising seedling potatoes, you will find it very interesting, and may grow a new variety worth a fortune. My Hybridized seed is very choice and I offer it this season at much lower rates than ever before. See page 18.

JAPANESE CLIMBING CUCUMBER.

The vines of this new cucumber are extra strong and vigorous, and great climbers—producing a surprising amount of fruit on fences, trellises, etc., thus saving valuable space. They are large size, nice green color, and fine for pickling and slicing. Vines and fruit being elevated do not suffer from wet weather and insects. I am sure all will be pleased with it. Pkt. 10c.

MY LIST of Vegetable and Flower Seeds contains the cream of everything worth planting.

NEW PROLIFIC TREE BEAN. A new and valuable variety, and by far the most prolific dwarf

PROLIFIC TREE BEAN.

bean known; growing about twenty inches in height, branching out in all directions, bearing its pods so high that they do not touch the ground, enabling it to stand a wet spell without injury. They have yielded over one hundred bushels to the acre; and a single plant has produced the enormous number of 399 full sized pods. Plant in rows $2\frac{1}{2}$ feet wide and 15 inches apart in the row, one bean in the hill. Do not crowd them. 4 quarts will plant one acre. They are of fine flavor. Packet, 10 cents.

New White Wonder Cucumber.

This magnificent new variety is of most delicious flavor. The cucumbers are thickly set throughout the length of the vine and are uniform in color, shape and size; they average about

eight inches long by two to two and a half inches through; the skin is thin, while the pearly-white flesh is exquisitely fine in quality, quite brittle, and remains solid for a long time. The color is always ivory-white. Of unusual hardness, and a sure cropper. It gives great satisfaction. Pkt. 10c.

"From 5 Hills of your White Wonder Cucumber I have picked off 350 besides some given away." K. Hayward. Hampden, Mass.

ROSY GEM RADISH. This new Radish has won golden opinions in all sections of the country. The illustration is perfect from nature, and will give some idea of their great beauty. It is absolutely the earliest radish in cultivation: their shape is perfectly globular, with rich deep scarlet top; equally desirable for either the market or home garden, and should be planted by everybody. Pkt. 10 cts. 3 for 25 cts.

THE BEAUTIFUL CINNAMON VINE.

LEAF.

You should surely order a liberal number of the Cinnamon Vines. They are very easily grown, and once planted will last a lifetime. Your arbor, window and veranda will all be incomplete without this charming climber. There is nothing will give a home a more homelike and cosy appearance, or be a surer index of refinement and culture than Beautiful Vines twining about the porch and trellises. See page 21 for prices.

PEPPER. Golden Dawn Mango. The earliest, sweetest, handsomest and most productive pepper grown: entirely free from fiery flavor. For beauty of growth this pepper is worthy of a place in the flower garden: my plants averaged 15 full-grown mangoes each. Pkt. 5 cts.

ROCKY FORD MUSKMELON.

The advent of this valuable variety has done more to popularize Muskmelons than any other sort. Over 2,000 carloads of these celebrated melons have been shipped from Rocky Ford, Colo., realizing enormous profits.

An Amazing Yielder.

A healthy, Vigorous Grower.

Always Brings the Highest Price.

Unsurpassed in Luscious Flavor.

Unquestionably the best early Muskmelon in existence. Enormous prices are paid for this variety to the exclusion of all others. A Florida grower actually cleared a net profit of \$8,000 from 25 acres. Every market and home gardener should plant it largely. My seed is PURE and TRUE, and selected with EXTRA CARE. (Beware of spurious seed—there is much of it about.) Pkt. 10 cts.; 3 for 25 cts.

Selected Flower Seeds

is one of my specialties, and my trade in them—always large—is rapidly increasing. My customers can rely upon getting those of the very best quality and finest strains. I warrant my FLOWER SEEDS as fully as I do my Vegetable Seeds, and I guarantee all to be fresh, true to name, and of good vitality.

Be Sure and read my great offer—“Imperial Giant Pansy Collection”—on page 13.

The Chinese read from bottom of page up. Have YOU read side lines of this catalog?

These are mostly CHOICE NEW SEEDS with some good old stand-bys of my own selection. A liberal number of these valuable seeds will be added to every order. EXTRAS GRATIS; Thousands of packets put up and awaiting my customers orders. Order early and secure these treasures, the supply of some may be exhausted later.

BEST MONEY MAKER.

Beyond all question THE GREATEST cabbage for the Market Gardener, the Farmer and everybody else. Enormous heads of finest flavor.

SUREST HEADER OF ALL.

Heading where all others fail. Receives nothing but praise from Maine to California; from Canada to Florida. Single heads sometimes

WEIGH 50 POUNDS.

**NEW SHORT-STEM
DRUMHEAD
CABBAGE.**

**FINEST STRAIN
OF LATE
DRUMHEAD
IN CULTIVATION.**

The New Short-Stem Drumhead combines, to a wonderful degree, all desirable requisites. It has a very short stem and grows very compactly. The heads are EXTRA HARD, SOLID, round, flattened on the top; they grow very uniform in size and shape, and present the handsome appearance so well depicted in the above illustration. The heads frequently attain twenty or thirty pounds in weight, and are always of the finest quality. For reliability of heading, this variety is, from long-continued selection, also remarkable. From each 100 plants set out, at least 98 large solid heads may confidently be expected. Pkt. 10 cts. 3 25c.

Last year I raised 10 tons of your Short-stem Cabbage from 1,500 plants. Every seed grows. This cabbage is the best of all, and a wonderful seller. F. B. HALL, Postmaster, Bunker Hill, Maine.

The Extra Early Beet was the earliest and best I ever raised, and the cabbage was splendid. ELLIE HULL, Hightown, Va.

Your Variegated Pop-corn beats the world. I grew 3 bushels from one packet of seed, and it took the first prize at the Union Fair. C. H. JENKS, Buffalo, N. Y.

Your Short-stem Cabbage was the best I ever grew. Every one made a nice head. The neighbors were surprised and thought you made a mistake when you sent so many extras. They said that every seed grew. JOHN A., RUTLEDGE, Pa.

SPECIAL TO CABBAGE GROWERS.

ALL of my cabbage seed is grown from Extra Selected, Solid, Perfect Heads, pure and true. This seed actually costs THREE TIMES as much to grow as that I could buy in the open market, but I am a practical Gardener myself and know the importance of HIGH GRADE seeds of all kinds—especially of cabbage, and I intend to offer nothing but the best that can be produced.

Extra Early Beet.

After a careful trial for several seasons, I am pleased to offer this new variety as one of almost inestimable value. How many of my Market Gardening friends believe that there is anywhere in existence, a nice, smooth garden beet, of deep red color, which will produce roots of suitable size for market TEN DAYS in advance of the old early sorts. Well friends this variety does that very thing; I was incredulous until I planted the seeds side by side; watching the growth almost daily, and saw a finely formed root develop on every plant of this new variety, fully ten days before other early kinds began to bottom. Price of Extra Early Beet; pkt. 10c : 3 for 25. 7 for 50 cts. 15 for \$1.00.

VARIEGATED POP CORN. (Cut one-half natural size.)

Never before has such an attractive Pop Corn been offered as this superb variety, introduced by me. Indeed the ears are so handsome they are often used for parlor ornaments. It is very early, immensely productive, (3 to 6 ears on a stalk,)

a splendid popper, bursting out very large, white as snow; tender, and delicious. The ears are of good size and beautifully variegated red, white, and blue colors blended. It is without question the handsomest Pop Corn ever seen and will be sure to secure prizes at your Fair. Boys and Girls, as well as older ones, can get a nice income growing this corn for market as it sells at fancy prices.

Packet 10 cts. 3 for 25 cts. 7 for 50 cts. pint, 30 cts.

I CAN MAIL seeds right to your door CHEAPER than you can, day at the store, and better still they are fresh, reliable, and HIGH GRADE. The store seeds may have wandered over the land these 20 years or more. There is money in clubs. Read pages 2 and 12.

ICE PLANT. (MESEMBRYANTHEMUM.)

A handsome and very curious plant, for hanging baskets, rock-work, vases, and for house plants; also fine for beds, edgings, etc. The leaves and stems appear as though covered with icy crystals that look peculiarly brilliant and glistening in the sunlight. It is a plant that is always admired. The flowers are white. Pkt. 5 cts.

Cut shows the attractive appearance of Ice Plant in Pot Culture.

LARGE RED WETHERSFIELD ONION.

A time honored variety. Immense crops are annually grown for shipment. It is everywhere a large

yielder of fine, handsome, large onions, that find a ready sale in all markets. My seed is unsurpassed, and is grown from best selected bulbs.

Beware of cheap onion seed that is often raised from scale-

mons and unsalable rubbish. Packet 5 cents.

New Golden Honey Watermelon.

A novelty of extraordinary merit, without doubt the best watermelon ever placed before the American public. It is a very early melon. The flesh is of a deep rich golden color, and in delicious sweetness, and exquisite quality reminds one of honey. In a crop of 20 acres grown especially for seed every melon was juicy, melting and delicious. It is of large size enormously productive, flesh firm, solid and luscious beyond description. Many who fall in growing other melons can succeed with this. Pkt. 20c. 3 for 50 cts.

From C. L. Newcomb, Bridgeton, Md. I was surprised and delighted at the large quantity of seeds, and they came the quickest of anything I ever ordered from same distance in my life.

From Seward Beard, Economy, Ind. We have used they seeds for three or four years and will say that we never dealt with any seedsman that sent out such good seed, so neatly packed, and in such liberal quantity.

CORAL GEM BOUQUET PEPPER.

Is the finest of the small varieties. It is the prettiest thing out when grown in pots, and delight is every lover of the beautiful. Besides its great beauty, it serves the housekeeper in a most convenient way when pods are wanted for seasoning. In the open ground plants grows to a height of 24 to 30 inches, so densely set

CORAL
GEM

BOUQUET
PEPPER

with pods as to bend its branches down. It is the best of all for pepper sauce. Pkt. 10 cts., 3 for 25 c.

Cook's "Perfection" Parsnip.

Rightly named, and without doubt the finest strain of Parsnip that can be produced. It is a wonderful improvement on the old sorts, and no one desiring the best should fail to grow it.

The roots are very smooth and handsome; tender, sugary, fine-grained and of most excellent quality. Customers are unanimous in praising it.

This is truly a delicious vegetable, and all who do not like the old poorer sorts are recommended to try this.

It produces enormous crops; and the short, thick roots are easily gathered. It is without question the best for home use, market, or exhibition purposes.

Large packet 10 cts. 3 for 25 cts. lb. 75 cts.

POP CORN.—Cook's Improved Egyptian. I have been improving this corn, for many years, and now offer a strain of seed that cannot be surpassed.

Every one who keeps poultry, should raise a supply for feeding chickens, nothing can be better. I send out only EXTRA SELECTED seed.

Pkt. 10 cts. 3 for 25 cts.

K. MAARTMAN, Park River, Dak. writes:—
Last spring I had seeds from Wis. Mich. Mo. and Dak.—but none of them gave such good satisfaction as yours. All of yours done nicely. I was the only one in the town that grew any cabbages. I raised 900 fine heads from one packet of your seed.

MARKET GARDENER'S BEET

Undoubtedly one of the best novelties ever offered, and it receives much praise from my customers. Its shape is well shown by the accompanying engraving. It is very symmetrical with small tap root and unusually small tops. One sowing only is necessary to produce early beets for market and main crop for winter use, which is not the case with any other variety. By the first of October they measure six inches in diameter and average four pounds in weight. Color deep blood red; fine grained and unsurpassed in quality. Summing it all up, we find it a good beet for early market, and the best beet for winter use. Owing to the small tops, and the peculiar shape of the beet it is one of the most profitable beets for the market gardener, and family garden. Pkt. 5 cts.

I love flowers: don't you? if not, your wife does—order some for me, and I may send them my catalog.

I am always glad to have customers show seeds to friends, and TELL THEM about my bargains. Please do not forget to send me a few GOOD names—both at your own and neighboring postoffices, that I may send them my catalog.

I am always glad to have customers show seeds to friends, and TELL THEM about my bargains. Please do not forget to send me a few GOOD names—both at your own and neighboring postoffices, that I may send them my catalog.

DO YOU LOVE FLOWERS? Remember my Floral Beauties when you order. I know my seeds are unsurpassed. My Customers say that finer flowers are grown from my seeds, than from some dealers costing three times as much. A home is much more attractive when surrounded with beautiful flowers, a small sum invested will do it.

HENDERSON'S NEW BUSH LIMA BEAN.

Think of raising Limas without poles! They grow 18 inches high, in a compact bush form, and produce enormous crops of delicious Lima Beans; (a single plant has produced 270 pods.) The beans are the size of the Sieva or small Lima, and of delicious quality. It is two weeks earlier than the common Lima.

Pkt. 10c. 3 for 25 cents.

THE EARLIEST TOMATO IN THE WORLD

IGNOTUM TOMATO.

All should plant the new Ignotum Tomato. A "priceless paragon" in the Tomato line; the earliest, most solid and valuable large Tomato ever introduced. It will wipe out fifty old sorts at a sweep. Why grow a poor sort when you can have such a variety as this? My stock seed came from Fountain-head, (Cornell Agricultural College.) Seeds are few in the fruits, and necessarily expensive. Pkt. 10 cts.

LARGE SUGAR PARSNIP:— Roots long, white, smooth, tender, sugary, and of excellent flavor. Parsnips are improved by remaining in the ground exposed to frost during winter. Pkt. 5 c.

EXTRA EARLY PURPLE TOP MILAN TURNIP-

The earliest in cultivation. It is fully one week earlier than any other sort and of superior quality. The bulb is flat, medium size, smooth, with a bright purple top; leaves few. The pure white flesh is of the choicest quality, hard, solid, and fine grained. A good keeper. Pkt. 10 cts.

GOLDEN TANKARD MANGEL-WURTZEL BEET-

This is decidedly the finest mangel in cultivation; the flesh rich golden yellow, exceedingly nutritious. It is early, hardy, and a very heavy cropper. The Golden Tankard has quickly taken the lead of other varieties. It contains a large percentage of sugar and is much relished by milch cows and sheep. It is one of the best of keepers. Farmers should give root crops more attention. The wonderful results are plainly seen in the health and condition of the animals, and in the increased yield of milk and butter in cows. Six pounds of seed will plant 1 acre, and the yield should be from 1500 to 2,000 bushels.

Packet 5 cents; lb. 40 cents.

WHITE VELVET OKRA.

Why not try Okra this year? You will like it, especially if you try this splendid new variety. It is very early, distinct, and of attractive white velvet appearance. Of superior flavor and tenderness. The young pods are nice for soups, stews, etc., and also much liked when pickled. The pods are extra large, and very abundant.

Packet, 5 cents.

NEW TREE TOMATO.

I think this more nearly resembles a "tree" than any other. It stands up like a tree, bears abundantly, fruit medium size, smooth, bright red color, and fine flavor. A valuable and curious acquisition—very ornamental and useful.

Packet 10 cents; 3 for 25 cents.

WHITE VELVET OKRA.

CLUB AGENTS and all others should remember that \$1.00 pays for seeds IN PACKETS to the amount of \$1.50—and that \$2.00 buys \$3.25 worth—\$4.00 buys \$7.50 worth—and \$10.00 buys \$20.00 worth. Bear in mind I send everything in boxes prepaid, and guarantee safe arrival—no matter whether you live in Maine, Florida or California.

GENERAL PRICE LIST OF SELECTED

VEGETABLE AND FLOWER SEEDS.

Experience gained in over twenty years in practical gardening and seed growing qualifies me to make the VERY BEST selections. This is far better than a long and bewildering list containing so many poor sorts, some not even worth planting. I KNOW what seeds are wanted by the most skillful planters and I have them. I offer everything essential for an up to date profitable garden. My seeds have made thousands of friends. Send me an order, no matter how small, and then you will receive my catalog next year without writing for it.

Be sure and keep a copy of your order. Order Sheet is in the back of Catalog.

MY GREAT DISCOUNTS ON SEEDS.

It takes but little more time and trouble to pack up and send a large order than a small one; the postage is also much less in proportion. For this reason, and also to encourage Club-Agents to help me extend my trade; I make the following extremely liberal discounts.

Discount on Seeds in Packets.

50 cts. buys	65 cts. worth.
\$1.00	\$1.50
2.00	3.25
3.00	5.00
4.00	7.50
5.00	10.00

and more at same rate—just $\frac{1}{2}$ price.
A great chance for all my customers.

Discount on Bulk Seeds.

Seeds by weight and measure, Cinnamon Vines and Plant Food. On an order for	
\$3.00 to \$5.00	5 per cent. off.
5.00	10.00 10
10.00	25.00 15
25.00 and over 20	

A grand chance for customers and Club-Agents who wish to make money.

A Great Offer

I GIVE the popular 50 cent "Farm Journal" [the greatest of all agricultural papers, that takes the lead in this country and the world] ONE YEAR FREE for a \$1.00 order for packets—if no other premium or discount is taken.

I Give The Illustrated "Home Magazine" of Washington, D. C. (the Queen of Ladies' Magazines, bright, original and most entertaining to the whole family), ONE YEAR FREE for a \$1.50 order for packets—if no other premium or discount is taken. [My free Extras are always added.]

BOTH of the above Journals free for a \$2.00 order. Be sure and mention it if you want them

All who send me their orders are my friends, and I mean to treat them as such. Friends, YOU have my bottom prices here. No one has—or can get better terms.

I make few ounce prices, as my regular packets are so large it would be no object.

Directions for planting, etc., on every packet. Three 10 ct. pkts. furnished for 25 c.

If desired, you may send amount you wish, and I will select for you and do best I can.

Everything securely boxed and sent prepaid at prices given. Safe arrival guaranteed.

Extras—a LIBERAL number of new and choice Vegetables and Flowers added to orders.

Don't ask for Tobacco seed: I do not believe it right to grow the vile stuff, to sell, or use it.

I mean to TRY HARD to keep every customer from year to year and have all doubly pleased.

My packets average LARGER than big City Seedmen's. I have compared them and I know it.

------------------------	---	----	----

Many city boarders gave me a dime and some 15 cents for a small bunch of flowers. The Sweet Peas, Sweet Williams and Verbenas were especially beautiful. I cannot thank you enough for the extras. My aunt said "I have seen people get extras, but I never saw the like of this man before." The seeds would have filled a half-bushel basket.

From Miss Mary Nesbit, Pa. I had the loveliest of flower beds from your seed, and lots of people walked two miles to get a bouquet. I had the loveliest of flower beds from your seed, and lots of people walked two miles to get a bouquet. I had the loveliest of flower beds from your seed, and lots of people walked two miles to get a bouquet.

(Older ones may look also.) you can earn lots of spending money canvassing for packet seeds. Take orders among your friends and neighbors at the difference between the Retail and Clubbing price. Read pages 2 and 12 carefully. I want more than your order. I want your friendship and your future trade. My seeds have made me thousands of friends.

Imperial Giant Pansy Collection.

CONTAINS EXTRA SELECTED SEED OF
OVER 50 LOVELY VARIETIES
of every imaginable color. Blossoms 3 to 4 inches in diameter, and beautiful beyond the power of words to describe. All the above with

Treatise on Growing Pansies;" also a nice Book on the Window Garden—How to Make it a Success; and last but not least a magnificent life-sized picture of these Pansies in 10 superb colors—all prepaid for 20 cts. 3 Collections for 50c. 8 for \$1.00.

Get up clubs. It is VERY EASY. You can make money. Try it.

I give a beautiful watch free for selling 15 collections at 20 cts. each. Do not miss this chance. This great offer is made to introduce my seeds—will you not help me? See pages 18 and 20.

CHAMPION PEANUT. This new variety is the result of years of the most careful cultivator, and will be found to far surpass any other variety. It is early, of large size, and extremely prolific—having yielded 100 bushels per acre. Directions for planting etc. on each packet. Pkt. 10 cts. 3 for 25 cts.

MAMMOTH SUGAR CORN: The largest eared, and one of the sweetest known: ears weighing from 2 to 3 pounds each: it remains in season a long time. Your garden will be incomplete without this splendid late variety. Pkt. 10 cts. 3 for 25 cts. quart 35 cts.

JAPANESE NEST-EGG GOURD.

This new and beautiful variety, varies in size from a pigeon's egg up to a goose egg, but mostly the size of hens eggs, and so exactly the color and shape, as to almost deceive the eye. The shells are hard and durable, and make the very best nest-eggs, as they neither freeze or crack. The largest ones, (when sawed into), make excellent pots for starting tomatoes, strawberry, and other plants.

The Nest-Egg Gourd, is a rapid and desirable climber: quickly covering old sheds or any unsightly object with a mass of green foliage, thickly dotted with beautiful white eggs. Boys you can make lots of money growing this gourd, and selling them to your neighbors, for nest-eggs. Pkt. 10 cts.

STOWELLS IMPROVED EVERGREEN SUGAR CORN.

This grand old favorite now greatly improved is without doubt best for main-crop. For table use, for market or for canning it is more used than any other. Of excellent quality, tender and sugary; a vigorous grower, and immense yielder—often having 2 to 4 large ears on a stalk. 195 bushels of ears have been grown on a single acre. Every one who plants for profit or home use should grow it. Packet 10 cts.; 3 for 25 cts.

COLORADO PRESERVING CITRON.

This is quite distinct from the ordinary preserving citron, the seeds being of a light green color. It is immensely productive; one vine produced 25 fine melons, weighing from 10 to 30 pounds each. The flesh is very firm and solid, with few seeds, and makes beautiful, clear, transparent preserves of surpassingly fine flavor.

Pkt. 5 cts.

MY
SEEDS
GROW.

COULD YOU not induce 1 or 2 of your nabors to send with you for seeds? By taking advantage of my discounts it will pay you well for every hour spent, and I will be grateful for your kindness.

NEW CHARTIER RADISH.

This valuable introduction, is far superior to any long variety now in cultivation. In quality and flavor unsurpassed: early, handsome, unusually crisp, tender and juicy; and remains in good condition a long time. Packet 5 cts.

GIANT PASCAL CELERY.

This is without doubt the best general purpose celery ever introduced. The stalks are remarkably large, thick and solid; entirely stringless with a golden heart, very crisp and brittle, rich nutty flavor. It blanches VERY EASILY and quickly, requiring but little earthing-up; a most vigorous grower—succeeding well under almost all conditions. It seldom rusts or rots and is most excellent for shipping. Every market and private gardener should grow it largely.

Selected seed per pkt. 10 cts.

PLANTING, CULTIVATING, AND STORING CELERY FOR WINTER.

A concise treatise plainly telling the best methods of managing this important vegetable—sent free (if requested) to all who order two or more packets of Celery seed.

TO DAY while you are reading this, make out a list of such seeds as you desire from my Catalog. This is the safest plan as it avoids all possible delay, and you will feel better to have the seeds early, and ready to sow just as soon as the weather permits. Order to-day, do not delay; it don't pay to be late. Extra free with every order.

The Great Prize Pumpkin.

KING OF THE MAMMOTHS.

This grand, colossal variety is without a rival, astonishing everybody by its mammoth size and heavy weight. Indeed no other pumpkin has ever attained such enormous weights, or been awarded as many prizes. Think of it a single pumpkin weighing 298 lbs. (See Cut.) Is not this the greatest of all pumpkins? In France they have been grown to still greater size, and as many of our customers have as good, rich soil—as highly productive, as any there is in

France or anywhere else on the face of the earth, I see no reason why they cannot be grown much larger here. The flesh and skin of this monstrous pumpkin is a bright golden color, very fine grained, and of excellent quality; notwithstanding its enormous size, it is one of the best pie or table pumpkins ever grown, and is a splendid keeper. I hope all enterprising pumpkin growers will give this variety a trial. You will be sure of a prize at your County fair. Full directions on every packet, giving best methods of planting etc. to secure the largest specimens. Seed saved from EXTRA LARGE pumpkins, Packet, 10 cts., 3 for 25 cts., 7 for 50 cents.

WHITE STRASBURG RADISH.

Suitable alike for private and market gardens. It is of a tapering shape, skin and flesh both pure white. It is an excellent summer variety, being tender, crisp, and of fine flavor, and a quick grower. It possesses the most desirable character of retaining its crispness even when the

MIXED FLOWER SEEDS.

THIS IS A SUPERB COLLECTION of mixed flower seeds;—over 300 varieties in one large packet. I am putting up a larger variety than ever before, which adds greatly to their value. If carefully sown and cared for will produce an astonishing variety of flowers. No one who has not seen such a bed can form an idea of its dazzling brilliancy or great beauty, the different seasons of bloom, showing something new every day. Pkt. 15 cents; 2 for 25 cts. 10 for \$1.00.

NEW DWARF CHAMPION TOMATO.

This variety is entirely distinct; it is very dwarf in habit, and can be planted as close as three feet. It has proven itself remarkably early; ripening its large fruit as early as July 1st. It is an immense crop. Price 5 cts. per pkt.

VEGETABLE PEACH OR MANGO MELON.

I am proud to have been the introducer of this very popular and desirable little fruit that I first gave to the public in 1887. They are now cataloged, and highly recommended by every prominent seedsman in the land. They are the most beautiful of vegetables growing on vines same as melons, and resembling oranges in color, shape, and size. The

flesh is snow-white, makes handsome and delicious preserves and sweet pickles; excellent fried, and for mangoes they have no equal. Extremely early, of the easiest culture, and a wonderful yielder, covering the ground with its golden fruit calling forth words of astonishment and admiration. Try it and I know you will be pleased with the result. Directions for growing,—use of fruit, etc. on each packet. Packet, 10 cts. 3 for 25 cts. 7 for 50 cts.

WHITE PLUME CELERY.

This is one of the best of the so called Self Blanching varieties, as it needs but little banking up. Its eating qualities are equal to the best of the older sorts, being crisp, solid, and of a pleasing nutty flavor, while its white feather-like foliage places it ahead of all others as a table ornament. Pkt. 10 cts. 3 for 25 cts.

HAVE YOU tried to get up a club for my seeds?

SHUMWAYS GIANT MUSKMELON.

This large showy melon will take well in every market, and scoop in the prizes at the Fairs.

This new and thoroughly tested melon is of monstrous size, cream yellow, very early, distinct, and pure, with seeds twice as large as other sorts. A whole field will average 15 to 20 lbs. each; many specimens being much larger. Sweet and luscious; salmon color

flesh of pleasant flavor. True stock direct from the introducer. Packet 10 cents; 3 for 25 cents.

PREMIUM GEM PEAS.

A very fine Extra Early variety, pods large, long, well filled, and extremely productive; quality delicious. The best, and most profitable early wrinkled pea for Market Gardeners, and for family use has no superior. Packet 10 cts. 3 for 25 cts.

MY SEED

is the very best I can grow or get. None are cheaper QUALITY for QUALITY. I do not undertake to compete with cheap and unreliable foreign grown seeds, or those raised from scallions or refuse of crops.

"HE WHO sells that which is best of its kind, finds his best advertisement in what he sells."

TRY FOR A DAY, or a week—getting up clubs for my seeds, and you will be surprised at your success. If you cannot do this will you do me the favor to show my SPECIAL OFFER on page 2 to some club raiser, or canvasser,—or to any wide-awake Girl or Boy anxious to make money. You will do both them and me a kindness.

WINTER PINEAPPLE MUSKMELON.

The Winter Pineapple differs from other muskmelons, in shape and appearance of the fruit and its wonderful keeping qualities. The melons weigh from 9 to 11 lbs. each. It is a most valuable novelty.

These splendid melons do not ripen on the vines like other muskmelons, but have to be picked in a green state, before frost; lain away in a cool, dry place where they will keep sound and sweet for several months. When wanted for use bring them in a warm room, where they will ripen in a few days and be ready

to eat. The flesh is unusually thick, solid and melting; a light green color and has the most delightful flavor imaginable, being rich, spicy and delicious, with an agreeable pineapple taste.

The artist, (Mr. Blanc, of Philadelphia,) who has made engravings of, and tasted nearly all the new melons introduced in the past ten years, says: "Winter Pineapple, is decidedly the finest flavored muskmelon I have ever tasted."

Large pkt. 10 c., 3 for 25 c., 7 for 50 c.

EVERBLOOMING PETUNIAS.

I desire to call attention to these entrancingly lovely flowers. They are a superb mixture of wondrous beauty—over 40 varieties. They comprise an endless assortment of colors, shades, and markings. The Petunia is the "People's Flower."

They will bloom in a month or so after planting, and will continue to produce a perfect cloud of brilliant blossoms until hard frost. No one who loves flowers should fail to plant them. Packet 10 cts.; 3 for 25 cts.

Mr. A. T. Cook:—Your Petunias were a perfect delight all the summer long. The blossoms were immense, and of the most beautiful tints. In the fall they were taken into

the house, and they have bloomed continuously all winter.

MRS. C. C. ALFORD, Mass.

SPECIAL TO CLUB AGENTS

AND THOSE DESIRING USEFUL ARTICLES.

I Give my customers what others give for their mammoth catalogs and painted pictures, and I give my club agents what others give the Newspapers for advertising. I work for the best interest of my customers, and never will lower the High Standard of my seeds. My liberal terms are a wonder to every one, for I give the Premium and seeds both, for less than Agents usually charge for the articles alone.

I Give a new improved Family Sewing Machine, Best make, Drop Leaf, 5 Drawers, elegant finish, with full set of attachments, absolutely guaranteed, FREE for a \$34.00 order for seeds etc. at full list rates.

I Give a High Grade Bicycle, Ladies or Gents, fine quality, superb finish strong and handsome FREE for a \$46.00 order.

I Give a magnificent Organ, absolutely highest grade 5 octave 16 useful stops 2 octave couplers, 2 knee swells, exquisite tone, elegantly finished carved and decorated in solid oak or walnut; high or low top, guaranteed for 25 years, FREE for a \$95.00 order at list prices. [Usual Agents price for such an Organ is \$150.00.] This is a wonderful chance for any one, and especially for Churches Sabbath Schools and Societies to club together and secure this marvelous instrument. Above clubs must be at least \$ for packets. Premiums are not prepaid.

BOYS,

made and planted, and have sent in your club for Cook's Seeds, you may go

YOU CAN MAKE LOTS OF MONEY growing and selling Vegetable Plants. I know you can for I used to do it myself. I have sold over \$50.00 worth of celery plants alone to my neighbors in a single season. Cabbage, tomato and celery plants sell best; there is also a good demand for pepper, cauliflower, lettuce, strawberry-tomato, and egg plants. Asparagus plants always sell well and at big prices.

You can soon build up a very profitable business in plants if you try, for there is everywhere a good demand for them at paying prices. After you have your yearly beds all

SWEET PEAS.

This is a gilt-edge mixture, containing all of Eckford's Finest Hybrids and many other choice varieties. My strain of seed won first prize at Chicago Worlds Fair.

They are a very beautiful flowering, highly ornamental plant, easy of cultivation, and flourishing in any good soil; will continue blooming till destroyed by frost. The great popularity of this flower has led me to take great pains in making this collection. Pkt. 10 c. 3 for 25c. 1/2 lb. 35c. 1 lb. \$1.00.

LIVINGSTONS EVERGREEN CUCUMBER.

FREE GIFTS.

A useful Book on Window Gardening, and the care of plants and flowers—how to make them bloom—given free with every order for 25 cts. or more of FLOWER seeds. Extras also added free.

This new sort is proving of great value. Very hardy, an evergreen to a remarkable degree, and bears prodigiously until frost. A very strong grower, extra early, and of the best flavor, firm and crisp; unexcelled for picking or slicing. It is a favorite with all growers.

Per pkt. 10 cts. 3 for 25 cts.

Solid Gold-Filled Watch Free.

An elegant (14-karat) gold filled watch (ladies' or gents' size) elaborately engraved and beautiful beyond description, given absolutely free for a \$12.00 club for my seeds. (At least one-half must be for packets). In beauty, style, and finish it is fully equal to any solid gold watch made; hunting case, stem wind and set, 7 jewels. It is a splendid timekeeper, and is fully guaranteed for 5 years. Any one can easily obtain it.

I WILL gladly send my Catalog to all your friends, who PURCHASE SEEDS. I think I can save them money. Please send me a list of best names you know (on a separate sheet of paper) and I will remember your kindness. You will also do me a great favor by telling your friends about my seeds. They are all carefully tested.

EARLY SNOWBALL CAULIFLOWER.

The earliest, the surest header, the best and most profitable of all cauliflowers. It is hardly necessary to describe this variety at all, as its name has become a household word wherever this delicious vegetable is grown. Snowball Cauliflower is the standard everywhere for superb quality with all market and private gardeners. It is

a very compact grower and is absolutely certain to form a good sized head when the conditions are right; is good the entire season, and is rapidly driving out the later sorts for fall use. Cauliflowers are easily raised and every family should grow a supply.

My seed is American grown and very choice.

Pkt. 15 cts. 2 for 25 cts. 5 for 50 cts.

READ THIS, SURE.

MR. A. T. COOK, DEAR SIR: Your Powell's Prolific Pole Beans are wonderfully prolific. I never saw anything to compare with them. From 16 hills we sold \$7.65 worth, and had all we could eat. I verily believe the hills would have paid 75 cts. each, had all been sold. You cannot over-recommend this money-maker. You should say in your catalogue that an ordinary pole will not stand up under the load of beans. We had to prop up nearly every pole. This year we will use heavy poles and trellis wire.

A. J. PACKARD,
Saco, Maine.

SWEET CORN.

NEW EXTRA EARLY.

The VERY BEST, and earliest sweet corn grown: ears 6 to 8 inches long; a very strong grower, productive, and sweet. Especially valuable for the market-gardener, to completely control the early markets. Pkt. 10c.

RICINUS, (TRICOLOR.)

The most magnificent and ornamental of all plants, flourishing everywhere and speedily attains giant proportions. They make a striking figure on lawns, etc. with their immense picturesque foliage, red stalks and scarlet fruit. I have grown them 10 to 12 feet tall with leaves 3 feet broad.

Pkt. 10 cts; 3 for 25 cts.

P. Bliss, Luther, Mich. writes:—We had lots of watermelons, both early and late. We raised about 800, some weighing 30 lbs. each—all from one packet of your seed.

(See side lines in this catalog.)

Money Saved.

NONE OF THE large seedsmen can offer such inducements as I do. Not one can give your order as much personal attention; none can give you as many seeds and as many extras. Their high city rents and taxes, high priced help, expensive catalogs and tremendous advertising bills all forbid it. I can save you money.

Do not overlook my club offers.

NEW INTERMEDIATE CARROT.

This is certainly the best main crop carrot, of deep orange color, large size—often 3 inches in diameter and 10 or 12 inches long, very regular and smooth, and the most uniform of all. For private growers and truckers it is ideal, being of the highest quality—and for stock feeding it is of the greatest value its yielding capacity being perfectly enormous.

Packet 10 cts; 3 for 25 cts.

W. C. Rickey, Little Blue, Mo., writes:—I have ordered in previous orders—how else could when you sent seeds to nearly double the amount sent you in payment.

GOLDEN QUEEN TOMATO.

One of the very best tomatoes ever introduced. It is solid, very smooth, free from ridges, large in size, ripens up early, and is by far the most beautiful yellow variety ever sent out. None is better for preserving or slicing, the handsome, golden yellow slices make a beautiful contrast in a dish with red tomatoes. It has very little acid.

Packet 5 cts.

CALIFORNIA CREAM BUTTER LETTUCE.

This new variety forms a large, round, solid head, outside green, and within a rich cream yellow. It is particularly sweet and buttery to the taste and remains for weeks of the finest quality. A great improvement over most others. Pkt. 10 c. 3 for 25 cts

ALWAYS REMEMBER that I pay the postage on everything offered in this Catalog, and guarantee safe delivery to your Postoffice.

DISCOUNT ON SEEDS. It takes almost as much time and labor to fill an order for 10 or 20 cts. as one for \$1.00 or more. Hence I am able to make a discount on larger orders; for this reason and to encourage Club-raisers to introduce my seeds, I make the extremely liberal terms offered on pages 2 and 12. Be sure and read them.

GIANT PANSIES.

FIFTY COLORS, SHADES AND MARKINGS.

EXTRA EARLY SUGAR WATERMELON.

This remarkable new variety is not only the earliest, but will continue to bear abundantly the entire season. It is the most delicious of all for the family garden. Every melon is a good one. Will succeed in every State, and produce a profusion of sweet, juicy, melting melons in the far north where melons never matured before. The flesh is bright red—nearly all heart, and sweet and luscious beyond description. Do not fail to plant it in your home garden. Packet 10 cts.; 3 for 25 cts.

Pansies are universal favorites, the loveliest, and most popular of all flowers. Every yard must have its Fanny Bed. They bloom very early, and will continue to produce bright blossoms the entire season, making a wondrous display.

The Fanny has long been a specialty with me, and I have devoted much time and trouble getting seed of the largest and most perfect blooms in all their matchless forms, and various types, colors and markings. My unrivalled mixture, contains an immense numbers of Fancy, Showy, and Giant Varieties. They will both astonish and delight you. I believe this collection to be unsurpassed by any in existence. Their size, their endless variety, their brilliant beauty and long continuation of bloom commend them to every genuine lover of flowers.

No one should fail to plant a packet.

Price 20 cts., 3 for 50 cts., 7 for \$1.00.

MAMMOTH SALSIFY,
OR OYSTER PLANT.

A vegetable that is sure to be called for where it is once introduced. It is a good substitute for oysters, having a very similar flavor; it is very wholesome and nutritious. The roots are either boiled or mashed, and made into fritters, in which form they are delicious. For an oyster stew; cut the roots into small pieces, cook until tender, then add the other ingredients same as for oysters. The roots are perfectly hardy: may remain in the ground all winter. No garden should be without this splendid vegetable. Pkt 5c.

Invest a small sum and have a beautiful Flower Garden.

EARLY JERSEY WAKEFIELD CABBAGE.

This is preeminently the best extra early cabbage in the world. It is of large size for so early a kind, and is well deserving its popularity. It heads up remarkably hard and solid; can be planted close and is very desirable for early market.

Pkt. 5 cts.

All of my cabbage seed is very choice, being raised from the best hard heads, carefully selected.

Gardeners! plant them this year and you will agree with the verdict that "they are the best in the world."

IF PLANTERS everywhere knew the great excellence of my Short Stem Drumhead Cabbage, my large supply of seed would not meet the demand.

Dr. J. M. Ashley, of Tex. writes, O goodness! what cabbage I did make from your Short Stem Drumhead; all that saw them were almost thunderstruck.

B. G. Kimball, Brookfield, Mass. writes:—The Variegated Pop Corn is the best we ever had, so very sweet and tender. Your seeds are extra good; will get some orders.

Sarah G. Frazier, Marysville, Kan. writes:—A. T. Cook, Dear Sir. Your seeds etc. were duly received. I don't believe a single seed failed to produce a strong, vigorous plant. I also have beds planted from other Firms and one can readily tell the difference in the QUALITY of seed by looking at my garden. Of the 111 Potato "eyes" (sent me for 100) I had 106 fine plants. Quite a number of persons who have seen my garden, and been told of your generosity, will send to you next year. I hope I have not wearied you. I wished to express the pleasure I have taken with plants grown from the BEST SEED I have ever used.

Hybridized Potato Seed.

I have the pleasure of offering a very choice strain of Potato Seed—the product of numerous hybridizations between many of the best new and old varieties in cultivation. Growing new sorts from the seed-ball seed is a very interesting employment for old or young.

There is the widest range of difference in color, shape and general characteristics between the different seedlings; every one is more or less unlike every other. Great success has already attended the attempt to improve this valuable esculent, and the end is not yet—many varieties will yet be found which will bring a golden harvest to the fortunate growers, and prove of inestimable value to the world.

Directions for planting, cultivating etc. on each pkt. Price, 10 Cts. per Pkt. 3 for 25 cts. 7 for 50 cts.

SEED BALLS.

From E. A. Goodspeed, Shamrock, N. Y. Aug. 31st. 1896. I have got a grand seedling potato from your seed, and have raised 400 bushels. A prominent seedsman wants to introduce them and is trying to buy me out. I have six more seedlings that are more than good.

From Jesse Green, Ill. I have one of your seedlings that is from one to two weeks ahead of Early Ohio, Early Rose, or Beauty of Hebron, and were fully ripe. July 12th (others still green.) They are very productive and the best eating potato I have.

WM. M. JOHNSON, of Tampico, Ind. writes:—"The packet of Potato-Seed you sent me done well. Some look like the peach-blow, —some are a beautiful pale pink, large and long for a seedling the first year, they are a beauty. Some large white, purple eyes—some round, pale red, 30 to 50 in a hill—some pale blue—some white, flat, and three inches or more long;—two hills of black potatoes, &c. &c. I never saw so many different colors and shapes.

Extra Long Green Giant Cucumber.

A veritable giant among Cucumbers, and merits the highest praise. Enormously large and handsome, many specimens growing from 20 to 30 inches or more in length. It is a very strong grower, fruit

straight, smooth, uniform and produced in great abundance. It has few seeds, quality excellent, crisp and tender. A very fine pickling variety, and unexcelled for slicing. Every one should grow this remarkable novelty. No variety will equal it for exhibition. It will be a wonder to yourself and all beholders.

Pkt. 10 cts. 3 for 25 cts.

"The Green Giant Cucumbers were splendid. My nabors were astonished at their great length. One measured 23 inches." Lulu Williams, Westville, I. T.

MY LIST is short—I have left out the poor varieties. Is it not better so? I try to avoid extravagant descriptions, as I want my list to be plain, truthful and trustworthy. MY SEED is not such as is usually left around at the stores in boxes to be sold on commission. I could sell such at half my prices, (and they would be dear at that.)

NASTURTIUMS.

IMPERIAL TOM THUMB VARIETIES MIXED,

One of our showiest and most popular annuals, forming compact plants, not over one foot high, making gorgeous masses of color from early summer until killed by frost. Succeeding under all weathers and conditions; splendid for vases and hanging baskets, and unsurpassed for garden decoration. This is a superb collection—flowers of great brilliancy and richness. I offer a range of colors that will be sure to please my patrons.

Very choice, pkt., 10 c.

SPECIAL TO GIRLS AND BOYS,

[OTHERS MAY READ ALSO.]

BE SURE and read my great watch offer on next page. This is the best of all my good bargains. You can very easily obtain one free if you try.

I sent out over 500 of the watches last season, and people are just delighted with them. The girls beat the boys last year and sent the most clubs. I think the boys ought to beat this year.

It is a prize well worth working for. Please show this to your friends who want a watch as this offer is for everybody.

READ THIS TESTIMONIAL.

Mrs. E. E. Stedman, Washington Co. R. I. writes:—I saw your offer of a watch, and took your catalog at once and started out, and in a very short time I got up the club; and as I had done so well I thought I would try and sell some more seeds and earn some money, and I mail you the result of my labor, (\$10.83—besides my liberal cash commission, and the watch. It only took about 6 hours to obtain both clubs.) This is the first time I have tried club raising, and I have enjoyed it very much, and wish to thank you heartily for giving women and children such a chance to earn money so often needed for many things.

CHUFAS, OR EARTH ALMONDS.

These very closely resemble in sweetness and richness of flavor a cocoanut or almond. They are much grown in the South to fatten swine, poultry, etc. They succeed perfectly at the North: my plants yielding from three to six hundred fine chufas each.

They are a rich, and healthy food for poultry of all kinds. Directions for planting etc. on each packet.

Pkt. 10 cts.

Report of New Hampshire Agricultural College, Nov 23d 1896. Your Variegated Pop Corn yielded a heavy crop of mature ears of fair size. As its name implies the kernels are of various colors giving it an attractive appearance.

GIVEN AWAY!
2 Splendid Journals
ABSOLUTELY FREE

TO MY CUSTOMERS.

SEE PAGE 12.

Besides the above, I give many choice extras of great value. Indeed I know of no one who gives away even half as many with all orders as I do.

"The Red Bird Tomato is a wonder. I had ripe red birds TWO WEEKS before anyone else, and they bore all thro' the season, and still had a heavy crop on them when frost came in November. The bushes are the best I ever saw. I cannot tell you of all the good things that grow from the seed."—Mrs. N. J. ...

[CUT ONE-THIRD NATURAL SIZE.]

EXTRA EARLY POLE LIMA. Best Lima Bean grown, either for home use or market. Very productive. It is the most tender and delicious of all the bean family; is the result of long and careful selection. 10 days to two weeks earlier than other sorts. Pkt. 10 cts. 3 for 25 cts.

ZINNIAS.

LARGE DOUBLE, MIXED COLORS.

No flowers are more easily grown from seed sown in the open ground, and few bloom so continuously and abundantly throughout the entire summer. The colors are varied, large double flowers; bright mixed colors. The newer strains have attained great perfection and ought to be more extensively cultivated. Pkt., 5 cts.

There is MONEY in Vegetable Plants; they have everywhere a ready sale. Why not grow a supply for your nabors. See page 16.

TOMATOES.

10 Small Varieties.

This packet contains the New Zealand Fig, red and yellow Plum, Pear, Grape or Clerry, Currant, Nesbit's Victoria, Wonder of Italy, White Apple, and other choice varieties useful for pickling, preserving making tomato figs, etc. These are the finest small varieties in cultivation.

Pkt. 5 cts.

ASPARAGUS.

Have you an asparagus bed? If not, plant one this spring. No vegetable is grown with greater ease and certainty, and none is better relished. It is the earliest and best the garden affords, and a bed well made will last a lifetime. Plant it now. "The Palmetto" is a wonderful improvement on the old sorts, being earlier, much better, and will yield double. My seed is TRUE and VERY CHOICE. Plant a pound and sell plants to all your nabors at a profit of \$50.00 or more. See page 6.

LARGE GOLDEN OREGON ONION.

UNANIMOUSLY ENDORSED BY ALL
WHO HAVE GROWN IT.

1087 BUSHELS ON ONE ACRE.

SUREST GROWER OF THEM ALL.

THE VERY BEST OF LONG KEEPERS.

SELECTED SEED—HIGHEST GRADE.

A SURE MONEY MAKER.

"Your seeds are fresh and of good germinating power. Your extras astonished my wife and children as well as myself, and we wonder how you can afford to give away such quantities." John Hager, Pearl River, La.

LARGE GOLDEN OREGON ONION.

I offer my customers and all critical onion growers, seed of my select strain of Golden Oregon onion. This is a very handsome onion, thin yellow skin, white flesh, fine grained, firm and of extra flavor. It is the result of years of labor in the most careful selection with a view to EARLINESS, PERFECT SHAPE, SOLIDITY, and EXTRA KEEPING QUALITIES. It grows to a very large size, solid and thick through as shown in the above illustration. It is an enormous yielder, and is in every way all that can be desired as a market or table onion. I hope every one of my customers will plant it. All growers who give special care may certainly expect extraordinary results. My grower writes,

"I planted a measured half acre and gathered from the same 452 bushels. (This is at the rate of 904 bushels per acre.) In an exhibit of 17 varieties of onions at our State Fair, The Golden Oregon took the first premium over all competitors. It is certainly the most remarkable onion before the people to day." E. Pollock, of Mich. writes:—We planted an acre of your Golden Oregon, and they were the nicest onions ever raised here—and this section is noted for its fine onions.

Price per large packet, extra selected seed, 10 cents; 3 for 25 cents; oz. 25 cents; $\frac{1}{4}$ lb. 50 cents; lb. \$1.90.

SPECIAL TO BOYS AND GIRLS—(AND EVERYBODY ELSE.)

Beautiful Watch Given Away.

FOR A VERY FEW HOURS WORK.

I give this reliable watch with handsome chain absolutely free and prepaid for a \$3.00 order for anything in my catalog—(one-half amount at least must be for packets.)

As this superb watch takes the place of all other premiums and discounts—everything must be remitted for at FULL LIST RATES. I have given away hundreds of these watches, and never found a premium so popular—or that has given such wonderful satisfaction; everybody wonders how I can do it.

Fancy Case.

A Perfect

Timekeeper.

This is a marvelous chance to secure a very handsome, durable watch, one that you will be proud of. I make this great offer solely to introduce my seeds.

The Mechanical Wonder of the Age.

Is American make, stem-wind, heavy crystal, dust-proof case, lever movement, fully timed and regulated. Beautifully engraved, nickel finished, and will wear and look as well as silver.

Absolutely Guaranteed.

I could offer much cheaper watches, but I will not send out anything that will not be a credit to me and my business; my sole object being to gain new customers and friends. (For this reason and by purchasing watches in immense quantities, and paying cash, I can make this great offer. I give 2 watches for a \$6.00 order etc.)

The seeds and watch will be securely boxed, and sent

promptly by Express or mail prepaid to your nearest office, (Express preferred.) Safe arrival and satisfaction guaranteed. This watch is a special offer. Be sure and say you want it. Write for more Catalogs etc., if you need them. It is VERY EASY to take orders. You have no idea how quickly you will get \$3.00 worth if you try. Your friends and neighbors will help you. They all want seeds, and will give you their order if you ask them. Do not delay; begin at once and may good luck be with you.

READ THESE TESTIMONIALS.

"I was agreeably surprised with the watch. I don't see how you can give such a nice one. It keeps time to the minute. The number of extras astonished me." H. R. Whitney, Conn.
"Watch is a beauty. Thanks for extras." J. F. Zenor, Ind.
"The watches were all I could expect. They keep perfect time. I got the club in 6 hrs." R. F. Campbell, Muldrow, I. T.
"I am ever so much pleased with the watch and chain. I was offered \$3.00 for them. The extras were just grand. All were pleased with the seeds, and tho't the packets very large. I will start out earlier next year." Miss Floss Van Buren, Mich.
"The watch is better than I expected." A. P. Bray, Miss.
"I was only 4 hrs. getting the club." Miss. R. McHenry, Pa.
"Seed and watch received. I am more than satisfied. Several of my friends will get up clubs for watches." Frank Bateman
"I liked my watches very much. I gave one to brother. They keep good time. It is very pleasant to get clubs." S. G. Miller
"Am well pleased with the watch and chain. I enclose \$3.00 order for another." Minerva Van Horn, Lake View O.
"The watch is a beauty, and way ahead of my expectation. It keeps time with Fathers \$60.00 watch." C. M. Shaw, Kans.

Special to Girls and Boys.

A GREAT PUZZLE.

I will send a nice large 15 cent packet of Choice Mixed Flower Seeds (over 300 beautiful varieties) free, to any Girl or Boy under 16 years, who will read the following Trade Mark correctly. Please try your best.

EACH answer MUST be accompanied by an order for at least 25 cents worth of seeds for themselves or friends. Answer, name, and address, should be in their own handwriting, and on a separate paper—written with ink. This is a STANDING OFFER, good all the time. Be sure and show it to all your bright young friends and school-mates, and let them try also. Don't cut this out.

CUT $\frac{1}{2}$ SIZE.

12" MANY CHOICE MIXED SEEDS ARE ADDED FREE

TO ALL CLUB MEMBERS FOR WATCHES.

IMPORTANT.
Tear Off at dotted line on the left, and use in ordering.
Read the following remarks carefully.

I particularly request that you send your orders early—before the rush comes. It is to your interest and mine.

ORDER SHEET.

A. T. COOK, HYDE PARK,

DUTCHESS COUNTY, N. Y.

I PREPAY everything I offer, and deliver free to your nearest Postoffice or Express Office—on receipt of price. I always add a liberal number of nice extras, that I think will please you. I **PACK SECURELY** in strong boxes, and **GUARANTEE** everything to reach you safely, and that all will be satisfactory—as stated on second page of Catalog.

SPECIAL. If you will kindly hand out some of my Catalogs and Circulars to your friends, I will send them with your seeds, and some very choice **NOVELTIES** extra for your trouble. Will you do me this favor?

All Remittances by Money Order, Bank Draft or Registered Letter is at my risk. You may select extra seeds to cover cost of Order or Register. Carry out the price of each item and add up full amount. Use this sheet for order and remarks on same. Other remarks if any, please make on a separate sheet.

Free Gifts. The **LARGER** the order the **MORE EXTRAS** will be added, and better discount given.

Very Important. Write plainly **WITH INK** giving your name and full address every time.

DO NOT FORGET to order some flower seeds. They will brighten your home and gladden the hearts of the whole family. The pleasure resulting will be worth 10 times the cost.

Date.....19

Notice. Please write your name and address **WITH INK** very plainly here.

Amount enclosed.

NAME P. O. ORDER

POST OFFICE EXP. ORDER

COUNTY STATE DRAFT or CHECK

EXPRESS OFFICE CASH

Be sure and give the name of your Express Office (if different from Post Office) for I can often send to much better advantage in this way. I prepay all charges. If Express Office is too far away, let me know—and I will send everything by mail.

STAMPS

Quantity.	Names of Seeds, etc., wanted.	Price.
-----------	-------------------------------	--------

FREE GIFTS.

A useful Book on Window Gardening, and the care of plants and flowers—how to make them bloom—given free with every order for 25 cts. or more of **FLOWER** seed. Extras also added free.

QUANTITY.

NAMES OF SEEDS WANTED.

PRICE,

Amount Brought Forward.....

DESIRABLE**"EXTRAS" FREE.**

*Extra*s are *always* added free to orders, and are in *addition* to all other premiums and discounts. Every order gets some—not occasionally one as some seedsmen do—but a good lot. ~~A~~ A dollar order will have not less than 6 to 8 free packets—larger orders many more. These choice "extras" are interesting novelties and specialties of great value. Do not miss them, but make your orders as large as possible, and secure the best.

These free gifts are a wonderful advertisement for me. My customers are so delighted with their bargain they tell their friends, and hand out circulars, for which I am truly grateful. It is my choice to give *all the benefit* to my friends.

BE SURE AND READ EVERY WORD.**VALUABLE SEEDS GIVEN AWAY.**

Never before have I put up so many valuable NEW SEEDS free for trial, and never before have my customers received as many as will be added to their orders this season. Those sending small orders will receive several packets free, and larger orders will be treated with corresponding liberality. *Order* early and secure these treasures, the supply of some may be exhausted later. My customers tell me they don't see how I can give so many extras.

A GREAT FAVOR.

If you will promise to hand out a few of my catalogs and circulars (to persons interested,) I will pack them with your order, and also send you something VERY CHOICE in seeds for this favor, that will more than pay you for your kindness.

If in addition you will write plainly on another sheet of paper the names and addresses of a few friends and Club Agents, (especially at other Post-offices) I will mail them my catalog, and remember you. It costs money to advertise by any method, and in this way you get the benefit—and not the newspapers. I am always glad to have customers show my seeds to friends and tell them how liberal I have been in filling their orders.

**TO CLUB AGENTS AND LARGE BUYERS.**

Be sure and read my liberal discounts offered on pages 2 and 12. I am positive they are the VERY BEST offered by any reliable Seedsmen in the United States. Here is a grand chance to make money. Begin to-day and get up a club and keep the difference between the retail and clubbing price, and you will be certain to make wages that will surprise and gratify you.

If however this does not interest you please show it to some of your club-raising friends, and you may do both of us a favor.

**LAST BUT NOT LEAST.**

I much desire that customers remit by Money Order—when they can (instead of postage stamps,) or get paper currency or silver and wrap well and have your Postmaster register your letter. Remember I will accept stamps at all times but prefer you send by above methods when convenient. At all events send me your orders and do the best you can, and I will promise you GOOD seeds and GOOD measure. Your money will not go to pay for painted catalogs costly advertising or foolish "prizes" that not one in ten thousand ever sees.

With many thanks for past orders, and wishing you a happy prosperous season, I am,
Very Sincerely Yours, A. T. COOK.

MONTE CRISTO WATER-MELON.

The King of All Melons.
The Best Ever Introduced,
SO SAY THOUSANDS OF LEADING GROWERS AND
MELON FANCIERS THROUGHOUT THE COUNTRY.
Greatest Yields Ever Known.

The largest early Watermelon to mature, ripening in from 65 to 80 days, and weighing under ordinary cultivation over 60 lbs. One of the sweetest, juiciest, crisp and most solid melons ever produced. Very easy to sell from its handsome appearance. Certainly one of the finest melons ever grown for market or table use. Mr. Dodge, the Veteran melon grower says:—The Monte Cristo is the best melon I ever raised—not half of its good qualities have been told." I have placed the price within the reach of all. Order early.

Liberal packet, 10 cents; 3 for 25 cents.

"The Monte Cristo Watermelons were A No. 1. I want no better. I have grown melons for years and never saw its equal for both quality and size. The Coffee Berry is a success. I was much pleased with all your seeds." N. H. Wood, Los Alamos, Cal.

"I planted your garden seeds last year and am so well pleased that I want to plant 15 acres with them this season. I showed FOURTEEN different kind of vegetables at our County Fair—grown from your seeds—and took FOURTEEN FIRST PRIZES." A. L. Gilbert, Ill.

THE BEAUTIFUL CINNANON VINE.

(BOTANICAL NAME DIOSCOREA BATATAS.)

THE BEAUTIFUL FRAGRANT
CINNANON VINE
CROWN & FOR SALE BY
—A. T. COOK—
HYDE PARK, --- N. Y.

"The CINNANON VINES you sent me grew 30 feet last year and was the talk & wonder of the neighborhood. I can truly say I have brought vegetable and flower seeds of a good many firms and none are as good as yours." Mrs. Clay Hensley, Barnard Ind.

THE CINNANON VINE is one of the most charming of climbers—growing 20 to 30 feet in an incredibly short time. It will surround your arbor, window, or veranda with a great profusion of vines covered with handsome, glossy, heart-shaped leaves and sweet scented flowers, making it a perfect bower of beauty. The roots are perfectly hardy—thriving everywhere, and if once planted will grow for many years, and be a source of constant delight to the possessor. Whether trained over and about a window or veranda, it is universally admired, while its many clusters of delicate white flowers send out an amount of fragrance that is as truly wonderful as it is indescribable.

There is nothing will give a home a more home-like and cosy appearance, or be a surer index of refinement and culture than Vines twining in graceful beauty about the porch and trellises.

—READ THESE TESTIMONIALS.—

L. and M. J. Clarkson, Authors of "Art Studies," writes:—No vine ever gave us so much continued pleasure. The growth is truly phenomenal. Its handsome foliage and fragrant blossoms commend it to every lover of flowers. If its merits were more widely known you would be overwhelmed with orders.

From Bessie L. Putnam in "Epitaphist." The Cinnanon Vine rivalled in growth the famous bean & it and when in bloom, as ours was for weeks last season, one might almost believe that the spice-laden odors of its native Philippines had been transported with it so aromatic is its fragrance.

Prices of The Cinnanon Vine Prepaid.

I am the largest grower in the world and offer them at one-half usual prices. Buy at Headquarters and get the best. Order them now, as it is no trouble to keep roots until planting time.

1 root	postpaid for 10 cents.
5 "	" 25 "
15 "	" 50 "
40 "	" \$1.00 "
100 "	" \$2.00 "

I pack in boxes and guarantee safe arrival. Directions for planting etc. accompany the roots.

Improved Camera and Outfit Free.

I am much pleased to offer so large, valuable, and perfect a Camera free as a premium. It is of costly construction—perfect and complete in every detail. Every Camera is tested before leaving the factory. It is one of the most popular ever offered. It takes beautiful, clear pictures 2 1/2 x 2 1/2 inches. You can easily obtain one and take pictures of all your friends, of your buildings, stock and pets; of all the beautiful scenery near you, such as lakes, bridges, woods, streams, etc., etc. You never can find anything half as interesting and instructive as a good

Camera. Your friends will be delighted in looking over your pictures. Remember a full outfit and complete instruction book accompanies every one. The directions are so plain a child of 10 years can understand them.

By placing an immense order, and paying cash, I secured them low enough to give one absolutely free for a \$3.00 order for seeds at full list rates. (At least one-half must be for packets, and 20 cts. extra must be sent to help prepay postage or express charges). This great offer is made solely to introduce my seeds. Please get up a child.

EGGS FOR HATCHING.

WHITE WYANDOTTES EXCLUSIVELY.

The popularity of this beautiful new breed already extends over the entire poultry world. No other breed the past season has carried away as many first prizes. Whether you want them for market, for show or for birds. They have rose combs, bright yellow legs and skin, and dress much nicer than the other Wyandottes. In Boston and all the leading cities they bring the very highest prices. Certainly none are better for the table. They weigh from 6 to 8 lbs. when fully matured. As to laying qualities—the season through—even in winter) no breed exists that can excel them. They are easy keepers, good sitters and mothers; the chicks are strong and hardy, and mature rapidly. My stock is pure and true, and have had free farm range. They are rugged and strong, and incomparably better than those bred in confinement. No product of the farm is half as profitable (for the time spent) as a well kept flock of high bred fowls. They are the farmer's best friend—a real money-maker. No one can afford to keep poor, indifferent, run-out fowls, and they make a serious mistake not to change and get the benefit of the best new blood. You should surely give this variety a trial. I pack eggs with unusual care, lightly and securely—first in strong partitioned paper boxes, packing these in new baskets surrounded with elastic shavings, thus saving all jar and insuring a good hatch, even though shipped thousands of miles.

SPECIAL PRICE.—One sitting of 15 eggs, only \$1.50. Two or more sittings, \$1.25 each. Eggs are sent by express—not prepaid. I can give no discount or premium on egg orders unless two sittings are taken; in this case I will give one full year's subscription to either the popular *Farm Journal* or *Agricultural Epitomist*, and will send both journals free for an order for four sittings. Please send orders early, and be sure and give your Express Office, County and State. I have only room for the following from John Grandy, North Dakota, who writes:

"Mr. A. T. Cook, Dear Sir: It affords me great pleasure to report so favorably of the eggs sent me last spring. The result was 39 birds out of 48 eggs received. They did well, and carried away FIRST PRIZES at our fair this fall. I was also more than pleased with all your seeds."

A NEW FIELD AND PIE PUMPKIN—THE BIG TOM.

This grand new Pumpkin is a marvel of size, vigor and hardness. They succeed where other varieties fail. Their fine shape, size, and amazing productiveness is well shown in this lifelike photograph of a field which produced over 20 tons to the acre. The skin and flesh are of a deep, rich, orange color, very beautiful, of extra fine flavor; cooks soft and tender. It is an excellent keeper. For stock feeding it is very nutritious. Nothing that grows will make such an abundance of nice golden butter; every wide-awake farmer in America should plant it largely.

Photograph of a 30-acre Field of "Big Toms," from which my Seed was Saved.

Large packet, 10 cts.; $\frac{1}{2}$ lb., 40 cts.; lb., \$1.00.

CLOSING WORDS. Friends in conclusion I will say I am in position to fill all your orders promptly and with care. I will send you good measure in best seeds. I have seven mails a day, and the best of shipping facilities. I am confident I can give you far better premiums and discounts, and fully three times as many choice "extras" free with orders as you would get elsewhere. There is a reason for this. Your money does not go to pay for extravagant catalogues, expensive city clerks, and costly advertising. I am proud to say I am not a "city seedsman." I am situated on the banks of the beautiful Hudson river—right in the heart of a farming and gardening community. I am a farmer's son, and have grown up with them. I have followed seed-growing and seed selling for over 20 years, and think I know my business. To my friends I return sincere thanks. My success shows that my seeds and my efforts to please have both been a success, and are fully appreciated by those who know what good seeds are.

ADDRESS, A. T. COOK, HYDE PARK, DUTCHESS CO., N. Y.
